The 2018 Pork Mentorship Program is comprised of six members attending college at the University of Nebraska – Lincoln, with academic majors that represent a cross section of interests and disciplines within the College of Agricultural Sciences and Natural Resources.

Each year, participants in the Pork Mentorship Program participate in activities that encourage personal growth, career readiness, and develop leadership skills, while expanding their knowledge of the pork industry. Participants are also active in projects that encourage giving back to their community. Each of the participants will receive a \$500 scholarship upon the successful completion of requirements throughout the year-long program.

*The Nebraska Pork Producers Association is a grassroots, incorporated, non profit organization established in 1961. NPPA was developed to promote the pork industry through the enhancement of consumer demand, producer education and research.
